TRANSPORTATION RATES

Terms defined in the Rules Tariff of Dakota Energy Connection, LLC (the “Rules Tariff”) and used in this Rates Tariff shall be given the same meaning as they are given in the Rules Tariff.

Reference herein to an “Item” is to the applicable Item in the Rules Tariff.

All tariff rates, Monthly Deficiency Payments and other payments are exclusive of applicable Federal, state and local excise, sales, use or similar taxes (collectively, “Taxes”).

Except as provided otherwise in the TSA, Shipper shall be responsible for and shall pay all Taxes arising from the provision of Services pursuant to the Rules Tariff. Transporter may agree, on a not unduly discriminatory or preferential basis, to waive collection of Taxes in connection with negotiated rates based, *inter alia*, on the term and volume commitment. No such waiver may result in the Committed Service Rate being less than at least \$0.01/Bbl greater than the highest Uncommitted Service rate charged.

Transporter may agree, on a not unduly discriminatory or preferential basis, to waive collection of any Power Charge in connection with negotiated rates based, *inter alia*, on the term and volume commitment. No such waiver may result in the Committed Service Rate being less than at least \$0.01/Bbl greater than the highest Uncommitted Service rate charged.

Transporter may agree, on a not unduly discriminatory or preferential basis, to waive collection of any Charge specified under Item 19(b) in connection with negotiated rates based, *inter alia*, on the term and volume commitment. No such waiver may result in the Committed Service Rate being less than at least \$0.01/Bbl greater than the highest Uncommitted Service rate charged.

The rates set forth in this Rates Tariff apply to transportation service from the Initial Origination Points set forth herein to the Initial Destination Points set forth herein. Transportation rates for transportation service from or to other Origination and/or Destination Points shall be set forth in a supplement to this Rates Tariff.

“Actual Construct Costs” means the actual and direct costs to install and construct Transporter’s System, or any portion thereof, as applicable, together with appurtenant facilities under this Agreement, and shall include, all third party or field personnel costs of engineering, design and survey, easements and rights of way, procurement of equipment, facility parts and appurtenances including any metering facilities, permitting, and construction and installation of the facility and the appurtenances, together with any other third party or field personnel costs or expenses incurred by the constructing Party in connection with the installation of the facilities that are normally capitalized pursuant to generally accepted accounting principles.

All Origination Points and Destination Points are in McKenzie County, N.D.

COMMITTED RATES

Rates for Committed Volumes. For Actual Shipments of Committed Volumes and, in the case of Anchor Shippers, Dedicated Volumes, Shipper shall pay as Crude Petroleum Transportation Fees –

- (1) the applicable per Barrel Committed Rate set forth below,
plus
- (2) to the extent authorized in Shipper’s TSA, and not waived by Transporter on a not unduly discriminatory or preferential basis pursuant to the Rules Tariff, the applicable per Barrel Power Charge as provided in Item 19(a) of the Rules Tariff,
plus
- (3) to the extent authorized in Shipper’s TSA, and not waived by Transporter on a not unduly discriminatory or preferential basis pursuant to the Rules Tariff, any Taxes authorized under Item 19(b) of the Rules Tariff and,
- (4) to the extent authorized in Shipper’s TSA, and not waived by Transporter on a not unduly discriminatory or preferential basis pursuant to the Rules Tariff, any other Charges authorized under the Rules Tariff or the Rates Tariff.

Applicable to TSAs entered into pursuant to Open Season commenced January 2, 2015, or prior thereto.
